I appreciate working with us to move this along and provide a list of properties so there is no confusion as to what properties are to have the information kept confidential. Adding a list of properties would definitely resolve some of the edits on the attached redline. We can discuss the additional items at 2:30 or you can push the meeting off in order to discuss the other items requested.

Steve,

In an attempt to fast track the conversation, if we provide a listing by Block as well as the map, would that meet your requirements? If yes, we can cancel the call and provide the updated Exhibit A.

Thanks,

Greg

Steve,

Thus far, other parties have agreed to Exhibit A in the NDA. Once you are in the VDR, you will have access to the list of leases.

Best,
Parker

Please provide a list of the leases to be offered and subject to the NDA in the Arena Energy process. Providing a map of the Gulf of Mexico as the description of the properties could be construed as the whole Gulf of Mexico is covered. Also, even showing the leases in yellow introduces error in someone trying to determine the leases covered because of the size of the map.
